

Sponsorship Opportunities

Our club would not be the success it is without the generous support of our team sponsors.

In sponsoring a team, you and your company will be taking an active part in helping youngsters in our local community fulfil their footballing passion, to learn the value of team spirit, keeping them fit and active and to respect their coaches, officials and other players. All important skills both on and off the pitch.

Typical team sponsorship last for 2 years, starting pre season in August / September each year. We welcome our sponsors at any game throughout the season to see the team in action. We also offer the opportunity of club sponsorship.

To find out more about the club please visit our website and for sponsorship opportunities, please contact our treasurer via email treasurer@eblions.co.uk
